

THE INTROVERTED BOOKWORM

Research Rate Card

for clean and Christian fiction authors

I research so you can write. Each package is a written brief plus a tidy source list — historical details, settings, daily life, and faith-accurate facts. I do not research explicit content.

Quick Fact

\$45

ONE SITTING

One to three specific questions. A short written answer and the sources I used. Best when you already know what you need to check.

Scene Packet

\$150

MOST REQUESTED

One setting, occupation, or daily-life topic. A 2–4 page brief plus bibliography so a kitchen, ranch, ship, church, or town feels lived-in.

Chapter Support

\$275

ONE CHAPTER

World details for a single chapter: place, work, food, travel, manners, and faith-accurate notes. Includes one round of clarifying questions.

Hourly, capped

\$30 / hr

OPEN QUESTIONS

For research that does not fit a package. I send an hour estimate first and stop at the agreed cap unless you approve more.

Larger projects

Full-book research, series bibles, and multi-era work are quoted after a short conversation. No retainers until we have finished at least one package together.

How we begin

Message me on Instagram with the era, genre, and question. Quick Fact is paid in full to start. Larger packages take a 50% deposit. I am still reviewing ARCs, so research slots stay small on purpose.

Still reviewing. Still cheering. Now also researching.
